

Coil Coatings				
Product Description	Brand	Layers	End Use	Performance
Fluoropolymer				
70% PVDF	Duramar®	2	Roofing, wall panels, building products	Solid color systems
70% PVDF with mica	Duramar Sunstorm®	2	Roofing, wall panels, building products	Mica color systems
70% PVDF Reflective	Duramar ULTRA-Cool®	2-3	Roofing, wall panels, building products	IR reflective for energy efficiency
70% PVDF with clear coat	Duramar XL®	3	Roofing, wall panels, building products	Stain resistance and metallic flake protection
70% PVDF with barrier coat	Duramar XLB®	4	Roofing, wall panels, building products	AAMA 2605, Semi transparent color, barrier coat protects primer
70% PVDF with mica in clear coat	Duramar MXL®	3	Roofing, wall panels, building products	Mica in the clear coat
70% PVDF w/Thick Film Primer on steel	Duramar Plus®	2	Roofing, wall panels, building products	Corrosion resistance primer for steel in severe environments
70% PVDF w/Clear Coat/Thick Film Primer	Duramar XL Plus®	3	Roofing, wall panels, building products	Corrosion resistance steel, stain resistance, coastal
70% PVDF w/Color Shifting/Reflective	Duramar Vari-Cool®	2	Roofing, wall panels, building products	Color changes based on angle of light & direction
70% PVDF w/Color Shifting mica in clear	Duramar Vari-Cool MXL®	3	Roofing, wall panels, building products	Color changes based on angle of light & direction with mica in the clear
70% PVDF low gloss	Duramar LG®	2	Roofing, wall panels, building products	Low gloss - 5-15 degree range
100% FEVE Clears	Corafon® XL	1-3	Wall panels, building, auto	80+ gloss, anti-fingerprint, clears over Duramar color coat
100% FEVE with mica in the clear coat	Corafon MXL	3	Wall panels	Mica in the clear coat for more definition
100% FEVE clear	Durabrite®	1	Wall panels	Clear & tinted clear direct to brushed aluminum, Anodized or natural metal look
Specialty				
Graffiti Resistent	Duramar GR®	3	Wall panels	Removes graffiti easily with PPG Duraprep Prep 400 cleaners
Graffiti Resistent	Corafon GR®	3	Wall panels	High gloss graffiti resistent version
Extrusion Coatings				
Acrylic				
Thermoset	Duracron®	1	Residential windows, interiors	AAMA 2603, Hard & stain resistant
Polyester				
High solids	Polycron®	1	Residential windows, interiors	AAMA 2603, Low VOC coating
Powder	Envirocron Durable®	1	Residential windows, interiors	AAMA 2603, Hard & chemical resistant
Powder	Envirocron® Super Durable	1	Residential & light commercial	AAMA 2604, UV resistant, heavy traffic protection, storefronts
Ultra-Durable liquid	Durastar®	1,2	Residential & light commercial	AAMA 2604, UV resistant, heavy traffic protection, storefronts
Flexible	Macroflex®	1	RV, truck & bus	AAMA 2603, Flexible coating
Fluoropolymer				
50% PVDF	Acrynar®	2	Window frames, curtain wall	AAMA 2604, High traffic protection
70% PVDF	Duramar®	2	Window frames, curtain wall	AAMA 2605, Solid color systems
70% PVDF	Duramar® LG	2	Window frames, curtain wall	AAMA 2605, Low gloss 5-10 degrees
70% PVDF with mica	Duramar Sunstorm®	2	Window frames, curtain wall	AAMA 2605, Mica color systems
70% PVDF with clear coat	Duramar XL®	3	Window frames, curtain wall	AAMA 2605, Stain resistance & metallic flake protection
70% PVDF with barrier coat	Duramar XLB®	4	Window frames, curtain wall	AAMA 2605, Semi transparent color, barrier coat protects primer
70% PVDF powder	Duramar Powder®	2	Window frames, curtain wall	AAMA 2605, Hard & abrasion resistant, seacoast
100% FEVE powder	Corafon Powder®	1,2	Window frames, curtain wall	AAMA 2605, High gloss, less corrosion resistance without primer
100% FEVE powder with mica	Corafon® Sunstorm Powder	1,2	Window frames, curtain wall	AAMA 2605, Mica color systems
Specialty				
Graffiti Resistent	Duramar GR®	3	Curtain wall	Graffiti resistent clear with Duraprep cleaners
Repair & Restoration				
70% PVDF air-dry	Duramar ADS®			Small repair for scratches on AAMA 2605 products
100% FEVE air-dry	Corafon ADS®		High gloss capability	Large repair for large areas or restore full buildings for AAMA 2605 products
Acrylic Enamel	Duracryl®			Small repair for scratches on AAMA 2603 products
